

WELCOME TO YOUR INTERNATIONAL EXPERIENCE IN FRANCE !

Exchange students' application process

*Dear
Students*

We'll be delighted to welcome you in one of our campuses in France and have the opportunity to spend a semester with you !

However, before completing your application, there are certain things you should bear in mind.

Don't worry : this won't take long.

First of all

ELIGIBILITY

Since your university has an exchange agreement with us, you are eligible to study as an exchange/Erasmus+ student at EPF ;

Before applying, it's important to make sure that you have been selected and nominated by your home university.

OK: now that the first step is finished, let's go to more practical issues.

2nd step...

ACADEMIC CALENDAR

The academic year is divided into 2 semesters:

- Fall semester: from beginning of September to end of January
- Spring semester: from end of January to end of June

An orientation meeting is organised during the week before the beginning of the classes

3rd step...

CHOOSE YOUR PROGRAMME

Level	Programme	Campus	Language of instruction	
			French	English
Undergraduate	Multidisciplinary engineering (3rd yr)	Troyes		✓
Graduate	Aeronautics & Space	Cachan	✓	
Graduate	Sustainable Materials and Structures	Cachan	✓	
Graduate	Digital Transformation and Supply Chain	Cachan	✓	✓
Graduate	Smart Digital Systems	Cachan	✓	
Graduate	E-Health and Biomechanics	Cachan	✓	
Graduate	Energy and Environment	Montpellier	✓	✓
Graduate	Data and AI	Montpellier		✓
Graduate	Sustainable Industrial Design	Troyes	✓	
Graduate	Sustainable Engineering & Architecture	Troyes	✓	
Graduate	Sustainable Aerospace and Maritime Engineering	Saint Nazaire	✓	

Only 4th year courses are taking place during the Spring semester, but you'll have a wide choice among the different programs we offer.

It is also possible to study in English in our 3rd year multidisciplinary engineering programme in Troyes.

4th step **LANGUAGE**

REQUIREMENTS

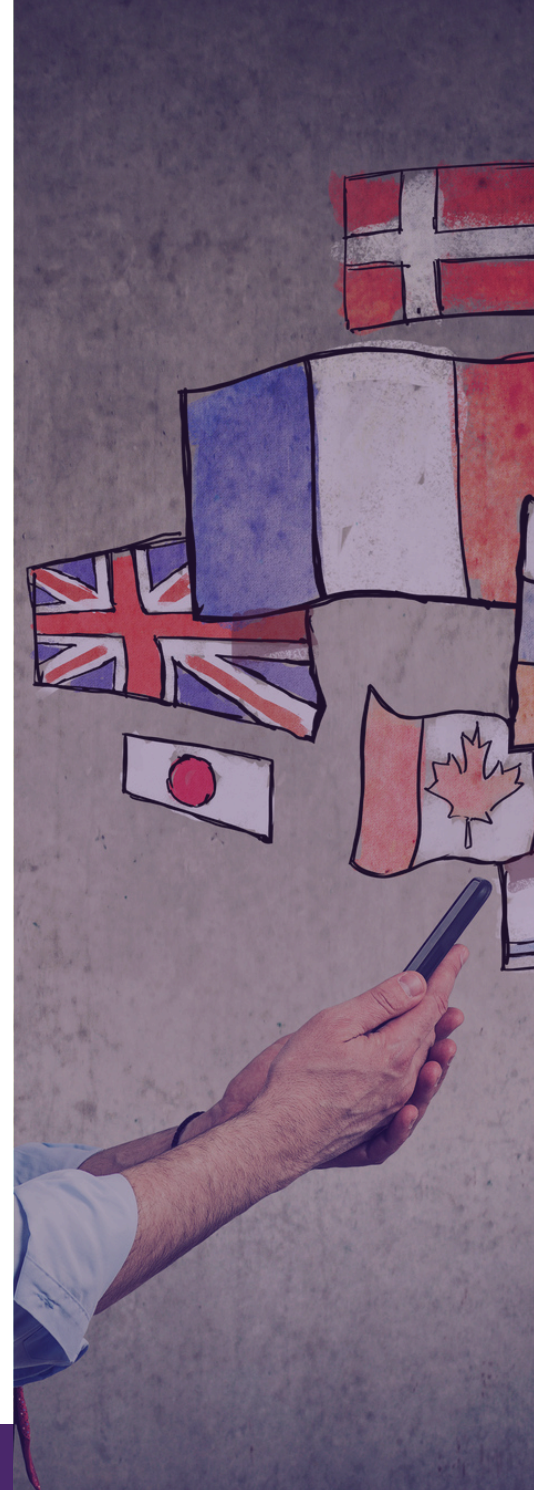

We offer 10 major programs and 3 of them are taught in English.

You'll need a B2 level for English-taught courses.

We'd like you to feel at ease and take the most out of your experience ; we think you'll be able to do so if you've got at least a B1 level in French.

We'll ask you to provide proof of your language skills, but any official test certificate will do (or OLS test results for Erasmus students).

Yes : B1. Seriously : it's not that high.

Paris - Cachan

CAMPUSES

Please, check the location before selecting your programme; it depends on the major chosen.

All our campuses are high-quality, student-centered environments.

No matter where you study, we'll offer you an unforgettable experience.

Montpellier

Troyes

St Nazaire

Just in case, a little reminder : 1st and 2nd year courses are not open to exchanges ! It's worthless to look them up on our website.

Warning

OPTIONS OFFERED

Unfortunately, carrying out an internship, a Final Project or a Master's thesis is not an option for exchange students.

Sorry about that ! Only degree-seeking candidates can benefit from this possibility.

Does this give you any ideas 😊 ?

FRENCH LANGUAGE

Even if you're attending courses in English, you'll be living in France. This will be a great opportunity to learn some French in the best conditions !

During the semester you will be offered French language classes (once or twice a week).

More information: <https://www.epf.fr/en/french-engineers-programs>

*You're just about to
reach your goal.*

OTHER THINGS TO BEAR IN MIND

Exchange students must take a minimum of 20 ECTS credits / semester (maximum 30).

You will also be expected to attend classes and take all assessments for your registered courses at EPF.

Let's be serious : you'll have a great time in France, but your goal is still to spend a study-abroad semester.

Ready to take off?

APPLYING ON-LINE

A complete application contains (do not forget anything !):

- Online application form,
- Copy of passport
- Learning agreement, signed by a professor
- Proof of French or English language skills (official test result)
- CV in English
- Letter of intent (motivation)
- List of courses previously taken or official transcript of records
- Passport-sized picture

You only need to submit the complete package on-line and we're good to go !

Do not print your application : think green !

Important!

DEADLINES

- Nominations are expected before October 15
- Application deadline is October 31

Amazing!
